

Dear Arena Families,

As interim principal of Arena Elementary, it has come to my attention that some of our students in middle school are unaware of our district policy on sexual harassment. Our policy is aligned with state education code, and as a District we take it seriously. We have met with the students to explain the rules and regulations dealing with sexual harassment, and also to educate them about “doing the right thing” and what is considered sexual harassment.

It is our goal to prepare your children for the realities of a future workplace, not only academically but socially. We would appreciate your support in discussing this sensitive issue with your child about sexual harassment and why it is not tolerated in the school or in the world at large.

Enclosed is a copy of our district policy on sexual harassment. If you have any questions or you would like assistance in addressing this issue with your child, please feel free to contact me.

Thank you for your support in making our school a safe and positive place for learning.

Sincerely,

Paula Patterson  
Interim Principal
